PUNE GIRLS HIGHER SECONDARY SCHOOL - LETTERHEAD

To whom it may concern,

I have taught Lakshmi biology for three years and have been her class teacher since 2024.

She is the most careful practical student I have taught. In our dissection lessons she checks every step twice and never rushes a result, and she captains the first-aid team with a patience that younger students respond to.

I recommend her without reservation.

Yours sincerely,

Referee name: Mrs Anjali Deshpande
