RIVERBEND INSTITUTE - LETTERHEAD

To the Assessment Panel,

I am writing to support Amara's application for the Study in Australia's Northern Territory Scholarship.

Amara has been a committed member of our programme and consistently shows enthusiasm in everything she does.

In class she asks thoughtful questions, helps classmates who are struggling and finishes every project on time. Colleagues describe Amara as resourceful and dependable, and she has represented the institute at two regional events.

Outside the classroom, Amara organises study groups, volunteers at community days and mentors younger students. I believe the Northern Territory would benefit greatly from her energy, curiosity and commitment to others.

I give Amara my strongest recommendation and I am happy to answer any questions about her work.

Yours sincerely,
